CHOOSE ANOTHER **GREAT** INGREDIENT

It doesn't just have to be the food you serve which is carefully sourced. Use Denby tableware, handcrafted in Derbyshire for over 200 years.

CREATE **MEMORABLE** FOOD MOMENTS

Making great food look beautiful has always been one of Denby's core values and research shows that nearly half of us think the way our food is presented is just as important as how it tastes.

The hardy Derbyshire clay, the secret glaze recipes and the generations of craftsmanship along with the magic that happens in the kiln creates a parallel with the work of the chef-quality ingredients, expertly combined then brought out of the oven to create memorable food and drink moments that your diners will love.

WHAT THE EXPERTS SAY

We love to use the best Spanish seasonal ingredients along with the best British meat and fish. Denby's range perfectly complements all the different styles of my Spanish dishes, from tapas to platters, we have found just the right plate to enhance my dishes.

José Pizarro, Chef & Owner 3 Restaurants London

I choose to use Denby at my supper clubs because they offer clean, unique and contemporary designs to complement my food. This, paired with heavy duty build quality, ensures that my plates look as good now as they did when I first unwrapped them.

@alex_cooking Food blogger

Morston Hall has been using Denby Imperial Blue for serving breakfast since opening almost 20 years ago. Joint owner Tracy: "we didn't make any compromises when starting out and that included choosing Denby".

THE CONSCIOUS CHOICE

FOR YOUR HOME
FOR OVER 200 YEARS

With sustainability and mindful living rising to the top of the agenda, our durable, stylish and versatile collections remain the choice of the conscious chef.

Still on the same site where the pottery was founded in 1809 (nestled next door to the seam of clay in Derbyshire which our founder discovered), our ethos for sustainable and responsible production has been at the heart of the business for over 200 years.

OUR CONSCIOUS CREDENTIALS

“Denby has long taken responsibility for the need to minimise its environmental footprint. I’m really pleased to say that we are one of the few potteries to be ISO 14001 accredited in the UK. We are always looking for ways to improve and I’m very proud of our sustainable journey.”

Daniel Bound
Environmental Officer, Denby

ZERO TO LANDFILL

We have Zero to Landfill on our process waste and as an entire organisation have less than 1% on all other waste.

MINIMAL TRANSPORTATION

We use clay from the doorstep enabling minimal transportation of our main raw material.

ENERGY CONSUMPTION

Our energy consumption is industry-leading and consistently at least 10% lower than industry targets set.

ENERGY SAVING

We are continually installing energy saving lighting systems and optimising the gas usage in our kilns.

RECYCLED CLAY

The areas of land from where our clay is extracted are returned to pasture and landscaped. Because our quality standards are so high, any clay with faults is recycled into new stoneware which equates to 55 tonnes of raw clay a year.

RECYCLED GLAZE

Every year we recycle over 100,000 litres of glaze during the glazing process to efficiently re-use our resources.

20 MILLION LITRE WATER CYCLE

Denby has its own water treatment plant and each year we purify and return to the water cycle 20 million litres of process water.

FOOD RECYCLING

We recycle all of our food waste produced in our restaurants and the staff canteen to be turned into energy.

RECYCLABLE PACKAGING

Most Denby is sold without packaging, but where it is requested by customers it is recyclable. Any incoming packaging is recycled. We now use shredded waste from our recycled cardboard to create box-fill packing instead of plastic air-fill.

MAKING STONEWARE IN DERBYSHIRE

SINCE THE INDUSTRIAL
REVOLUTION

Still on the same site where the Pottery was founded, Denby's rich heritage can be seen in the fabric of the building and the beguiling knowledge that generations of craftspeople have been making pottery here since 1809.

CAST IRON

Crafted from the finest cast molten iron and enamelled both inside and out, for a stunning and classic look. Denby Cast Iron retains and evenly distributes heat, is suitable for all oven and hob types and available in a variety of sizes perfect for on heat serving.

Denby Cast Iron is designed and tested against relevant British and International Standards for domestic use. Whilst we cannot guarantee performance against all hospitality test criteria, our product is very robust. Additionally, our experience with numerous prestigious hospitality customers is that our product performs exceptionally well, so use with care but confidence.

DENBY STONEWARE KEY FEATURES AND BENEFITS

- O1| All Denby stoneware is made in the UK.
- O2| Stoneware clay is very strong and fully vitrified. The surface is non-porous which gives it strength, durability and chip resistance.
- O3| It can be used safely in the dishwasher, microwave, in the oven (up to 250°C) and in the freezer for storing foods.
- O4| Each piece of pottery is still expertly glazed by craftspeople, a skill handed down from generation to generation, which makes Denby unique.
- O5| It's taken over 200 years to create the unique glazes, so the recipes are all top secret!
- O6| Launching one tableware range is the result of 24 months of team work from the original design idea through to the range going into full manufacture.
- O7| Each item goes through the kiln at least twice, which makes it super-strong: the first fire is at 950°C for 18 hours, the second at 1175°C for 16 hours.
- O8| It takes approximately 2 weeks from start to finish to create a single item.
- O9| As Denby is designed for living, the designers have built clever versatility features into each piece: the sugar bowl for example can be used a dipping bowl or ramekin.
- O10| Over 25 bowls or all shapes and sizes of bowl means we have a bowl for every dish.
- O11| We invest in research & trends, talk to influencers, restaurant owners and chefs to develop ranges that are relevant and modern.
- O12| Denby has over 20 ranges to suit a variety of styles and interiors.
